Made with love

In a glass balloon, stone pine lovingly embraces the other hand-picked ingredients, only to mature harmoniously into a true speciality. Love and lots of sunshine give it its unmistakable, smooth flavour!

## Unique bottle

The EDEL.STOFF bottle is as distinctive as its taste. It is a work of art and unique in itself. All labels of the EDEL.STOFF bottles are hand-painted. No two bottles are alike and each bottle is unique.
